

**NOTICE**  
**EVENT RESCHEDULE**  
**Mega ATV Championship**  
**SEASON-V**

Dear Teams,

Greetings from Autosports India !!

This is to inform you that considering the increasing cases due to the recent COVID-19 outbreak, Autosports India is very concerned about the health of our participants. Apart from that, we have found in our recent survey that maximum participants and college authorities also insist on the rescheduling.

Even though there are no such instructions by the state govt. to cancel the outdoor events, but considering the health factors and opinions of teams, we have decided to **re-schedule the event** to ensure the safety of all participants.

The new dates for the event would be announced after 31st March 2020 considering the situation of the outbreak. In this meantime we suggest you to keep yourself safe from the outbreak by following the advice published by trusted sources.

All the best!

**Note: The new event dates are expected to be in the last week of May 2020. However, the final dates will be given after consulting the teams and keeping their exams schedule into consideration. We would like you not to go for rumors and contact the mentioned numbers for clarifications. All helpline numbers, email, portal, and other channels will be active as usual. We recommend subscribing to our desktop & mobile notifications for instant updates.**

Best of Luck!!

Thanks & Regards

Team Autosports India.
